ABOUT

I'm currently working with startups in the education sector, leveraging technology to empower the next generation. My focus is on promoting digital literacy and delivering hands-on training in web development and related tech skills. Passionate about equipping young minds for the future, I help build engaging curriculums and mentor students through interactive and practical learning experiences.

WORK EXPERIENCE

Software Developer

HLTS Limited | Full Time   Aug 2025 - Present, Shomolu, Lagos, Nigeria

Coding Instructor

Tech Verge Solutions | Full Time   Jan 2025 - Aug 2025, Festac, Lagos, Nigeria

Designed and delivered coding curriculum in Scratch, mBlock, and Web Development. Taught students foundational programming through hands-on projects and interactive lessons.

Coding Instructor
